The Academic Senate approved the following programmatic exceptions to General Education requirements for the Engineering Department:

**Segment I:**

- **Quantitative Reasoning**: 3 units
- **Oral Communication**: 3 units
- **Written Communication fulfilled by English 1141**: 3 units
- **Waiver of Critical Thinking Requirement** (see footnote 3 for justification)

**Segment II:**

***This policy was superceded by F04-064: General Education Program Policy Consolidation***

<th>Behavioral &amp; Social Sciences</th>
<th>9 units of BSS cluster work plus 3 units for Statutory Requirement(^1)</th>
<th>12 units</th>

<td>12 units Physical Sciences(^6) (Chem. 111, 112; 113, Phys. 141)</td>
<td>12 units</td>

**NOTE:** Engineering majors are of course expected to fulfill the American Ethnic Heritage and Lifelong Development requirements in the process of taking the Segment II work as indicated above.

**Segment III:**

6 units of Segment III work in a cluster necessarily composed of a humanities course or emphasis and a biological science course or emphasis\(^5\). 6 units
NOTE: Naturally the student is expected to fulfill the C.E.D. requirement in the process of taking the 6 units Segment III cluster.

DOUBLE-COUNTING: With respect to double-counting: 15 units will be permitted to be double-counted\(^1\).

\(^1\)This is a recommended exception to our local policy.

\(^2\)This is a recommended exception to Title 5.

\(^3\)Much work in Engineering major courses involves processes and development in critical thinking and problem-solving skills and competencies. We follow the successful model of San Jose State in agreeing that this is a sensible and valid accommodation.

\(^4\)Many activities in the Engineering curriculum involve significant hands-on experience with graphics and design. It is our judgment that the functional equivalent of this good General Education requirement is fulfilled by these integral major activities.

\(^5\)Segment III cluster must contain a humanities course in order to achieve the requisite 12 unit total.

\(^6\)Segment III cluster must contain a biological science course thus fulfilling Title 5?š science prescriptions.
