Academic Senate Policy #S15_271

POLICY ON ASSIGNED TIME FOR EXCEPTIONAL LEVELS OF SERVICE TO STUDENTS

Justification

Article 20.37 of the Collective Bargaining Agreement for the CSU, “Assigned Time for Exceptional Levels of Service to Students” specifies provides a pool of funds for the fiscal years 2014-15, 2015-16, and 2016-17 to be awarded to faculty employees who are engaged in exceptional levels of service that support the CSU’s priorities. The same article specifies that campus academic senates shall develop criteria and procedures for the use of these funds. This policy meets those responsibilities for SF State.

Policy

I. Principles

The Academic Senate recognizes that there is not sufficient assigned time available to reward the exceptional efforts of all deserving faculty. Moreover, we believe that a process to award assigned time of the level specified by Article 20.37 should not substantially increase the workload of either the committee that recommends awardees or applicants for the awards. Finally, we agree that the awards process and criteria should be aligned both with the intention of the CBA Article 20.37 and SF State values and strategic priorities.

II. Budget and Reporting

The CSU has agreed to provide resources to each campus for assigned time for exceptional service to students based on the FTES (full-time equivalent students) at that campus.

1. SF State shall expend all funds allocated under this program by the end of spring 2016. SF State shall provide an accounting of expenditures for this program for the prior fiscal year by no later than November 1 of the subsequent year to the Academic Senate and CFA e-board.

2. Funds allocated for 2014-15 shall be made available in Fall 2015-16 on the basis of work done in 2014-15. Funds allocated for 2015-16 and 2016-17 shall be made available to faculty for in those years. Assigned time can only be used during the academic year (August-May).

3. For accounting purposes, costs of assigned time shall be calculated based on the minimum salary for an assistant professor.

4. Any unused funds shall roll over for use in the following academic year until 2016-2017.
III. Exceptional Assigned Time Award Committee

The Exceptional Assigned Time Awards will be made by a committee (EATC) constituted solely for this purpose. Its duties will be to evaluate faculty applications for assigned time for exceptional service to students and to make recommendations based on these evaluations to the University Provost, President or designee. This committee will be constituted by the Academic Senate annually, beginning in Fall 2015.

Membership of this committee shall be comprised of:

- The Elected Officers of the SF State CFA (President, Vice-Presidents, Secretary, Treasurer, Affirmative Action Representative, At-Large Lecturer Representative, and Tenure Track Representative);
- The Dean of Faculty Affairs or designee; and
- One member selected by the Executive Committee of the Academic Senate

The following individuals will be invited to join the committee:

- One graduate student and one undergraduate student, selected by ASI

A quorum of this committee shall consist of six four members. The committee shall elect its own Chair.

IV. Exceptional Assigned Time Award Eligibility and Criteria

1. Eligibility

All Unit 3 faculty employees, whether tenure-track or contingent, are eligible for assigned time for exceptional levels of service to students with the exception of members of the Executive Committee of the Academic Senate and members of the Exceptional Assigned Time Award Committee. Faculty members who are already receiving assigned time for the same general category of activity shall not be eligible for support from this program.

2. Supported Activities

The following activities may be supported:

- student mentoring, advising, and outreach, especially as these activities support underserved, first-generation, and/or underrepresented students;
- the development and implementation of high-impact educational practices;
- curricular redesign intended to improve student access and success; service to the department, college, university, or community that goes significantly beyond the normal expectations of all faculty;
- assignment to courses where increases to enrollment have demonstrably increased workload; and
- other extraordinary forms of service to students.
3. Review Criteria

Applications will be judged on the following criteria:

- Demonstrated impact on student success and/or educational experience, including the quality of the activity as well as the number of students served.
- Demonstration that the impact on and/or quality of student experience could not be maintained without an increase in workload and that it is above and beyond the faculty members work assignment and regular duties.
- Alignment with Equity objective 1 of the SF State Strategic Plan:
  SF State will eliminate the gap in graduation rates between historically underrepresented students and non-underrepresented students and increase our six-year graduation rate for all first-time freshmen and transfer students by 11%.
  This will be our primary focus, and we will become the CSU’s flagship campus for educational opportunity.

V. Process

1. Announcement

The opening of the nomination period for the award shall be communicated by EATC directly to all faculty within 4 weeks of the commencement of the semester before the appropriate academic year. This announcement may be communicated to all faculty by email or letter. Winners of the award will be announced to the SFSU academic community in the same fashion.

2. Nomination

Each school, department and/or program of the University will may nominate a single faculty member of that department or program for an Exceptional Assigned Time Award.
