

I. Executive Summary for the Academic Year:

- A. This academic year the committee focused on resolutions that protect and support our students' success on campus. The main areas of focus with respect to discussions during committee sessions and completed policies and resolutions this year included establishing a safe and equitable learning environment on campus, encouraging and supporting student graduation rates, and freedom of expression. Specifically, we focused on groups of students usually referred to as "under-represented," such as undocumented and LGBTQ students. Our completed resolutions reflect those discussions.

III. Committee Recommendations for the upcoming Academic Year:

A. Re: Career Services

- Engage with Luoluo Hong, Shimina Harris, Aimee Barnes, Orlando Harris regarding the progress that Career Service is making on campus. Specifically in terms of the number of career counselors available to students as a resource on campus.

B. Re: Preferred Name Usage on Campus

- Remain engaged with Renee Monte, regarding the way in which the resolution to utilize preferred names on campus is being integrated into the campus systems. Furthermore, remain active in the conversations about the way in which students are notified of their option to use a preferred name.

C. To the Senate:

- None

D. To the 2017-2018 Student Affairs Committee:

- Continue to investigate ways in which the Academic Senate can support Career Services.

- Consider a resolution in support of minimum wage for students in campus jobs.
- Consider a resolution supporting and recognizing Project Rebound.
- Revise or rewrite the policy on Academic Recognition for Experiential Learning. Due to the complexity of integrating the variety of information we received, we were not able to complete revisions to the current policy. In addition, conversations with Provost Jennifer Summit regarding this topic would be advisable.
- Consider a resolution regarding pronoun use on campus.
- Consider a policy on the use of preferred names on campus (as a follow-up to our resolution passed in September).
- Consider a resolution supporting the development of an inclusion program for developmentally and neuro-diverse students on campus. Julie Paulson (English) is the contact for this.
- Consider a resolution or action plan to help prospective LGBTQ students be more aware of our campus as a safe place to attend as a member of the LGBTQ community.
