**COMPUTATION OF GPA  
OF GRADUATE STUDENTS**

**ACADEMIC SENATE  
POLICY F78-35**

At its meeting of May 9, 1978, the Academic Senate approved the following policy for computation of GPA of graduate students as follows:

1. Only those courses attempted by a student during a seven year period from the last date of enrollment will be used in determining a student's academic standing;
2. Post-baccalaureate students who are post baccalaureate special or basic credential candidates will be required to maintain a GPA of 2.50 in all work attempted in the last seven years since their current post-baccalaureate enrollment in the University;
3. Master degree candidates and advanced credential candidates will be required to maintain a 3.00 GPA in all work attempted in the last seven years since their current enrollment as a post-baccalaureate student in the University.
