BOARD OF APPEALS AND REVIEW

Academic Senate Policy Recommendation #F81-83

At its meeting of December 8, 1981, the Academic Senate approved the following changes in the composition of the Board and also brings the language up-to-date.

All students at San Francisco State University, as they work toward their educational objectives, are expected to adhere to a number of regulations and policies which have been established by the State Legislature, the Board of Trustees of the California State Universities and Colleges, and San Francisco State University.

In administering these regulations and policies, the University recognizes that it must at times take into consideration the special needs of the individual student. The President, by virtue of his authority and responsibility for the administration of the educational program in the University, has delegated to the Board of Appeals and Review the responsibility for ruling on requests for special consideration. This Board, in addition to acting on individual requests for special consideration, also evaluates policies and regulations and, when appropriate, recommends to the appropriate body reconsideration of policies and recommends modifications in interpretation and application of policies.
