Senate Approval Date: Friday, January 01, 1988

OPEN RESEARCH BY GRADUATE STUDENTS

Academic Senate Policy S88-153

At its meeting of March 15, 1988, the Academic Senate approved the following policy as follows. If approved by the President, the policy will be added to the Administrative Handbook.

This policy will not supersede confidentiality rules promulgated by the Human Subjects Committee.

To meet regular University requirements for a graduate degree, any research conducted by a graduate student at San Francisco State University must be available for review by faculty members associated with the research and by academic administrators, as well as be available for publication.

Exceptions to this policy pertaining to publication or circulation may be granted by the Dean of Graduate Studies after review and recommendation by the Graduate Council.

*****APPROVED BY PRESIDENT WOO 3/38/88*****

With the understanding that by "academic administration" the policy means 'appropriate academic administrators.'
